MOOD: happy

MUSIC: Andrew Bird - Oh No

Andrew Bird's new album, *Noble Beast*, streamed in its entirety on NPR (<https://www.livejournal.com/away?to=http%3A/www.npr.org/templates/story/story.php%3FstoryId%3D98649962>)

This looks like a good idea.

Hey, typing with a strained finger here. Be nice.

I just assumed it was a Freudian typo, and you were thinking about dinner. How'd you strain your finger?

I believe you want a question mark on the end of that latter sentence, Ms. Typo Police.

Climbing, how else?

:P Fixed it before you replied. At least I catch mine. As for Typo Police, I was a copy editor for a while.

Of course! What was I thinking?

Okay, now I see why people who'd had advance listens talked about "Americana." (Which I think is code for "folky.") A lot of unmodded acoustic guitar sound and fiddle-style violin. Coupled with freaky Bird lyrics which have nothing to do with Americana-ness, whatever it is.

I like it.
